Are you a current Toledo Co-op Member? (Y/N) _____

How long have you been a member? _____

Our co-op seeks motivated, enthusiastic people who care deeply about their cooperative community and would like to see it flourish. Is there any conflict of interest (such as current employment with a competitor) that would prevent you from running for the Board of Directors? (Y/N) _____

If yes, please explain:

We the Board and management of the Toledo Co-op are excited about the future of our collective business. We have a number of projects under consideration to improve the service we can offer to our membership, We therefore ask that candidates be able to meet a monthly time commitment of 6 to 10 hours. This averages to only 1.5 to 2.5 hours per week. Can you make this time commitment? (Y/N) _____

What experience do you have? Any employment, volunteer, and non-profit experiences are relevant. Additionally, experience with this or any other co-op is helpful. Don't worry whether you have little or no experience. We welcome all that care about the co-op. We only would like to get to know you.

Why are you considering a run for the board of directors? Again, we are delighted that you would consider serving your co-op. All responses are respected and encouraged.
